

DO YOU HAVE AN ASH TREE IN THE PUBLIC RIGHT-OF-WAY?

Yes

Is the tree 12 inches in diameter or smaller?

Yes

No

Do you live on the west side of Denver? Check a map [here](#).

Yes

No

[Apply to have your tree removed and replaced.](#)

No

Not eligible, but check out the BASA planting program or subscribe to our newsletter.

Applications are open to residents of the east side for 2025 removal.

Not Sure

One in six Denver trees is an ash. Use **[these treekeeper tips](#)** to identify your tree.

Simple ways to identify ash trees include opposite branching, compound leaves and diamond-pattern bark.
